## WORK EXPERIENCE

### FRONT-END WEB DEVELOPER

#### Wipro Limited

09/2020 - Present

##### Achievements/Tasks

- Led frontend development for a primary customer project and played an integral role in the completion of 3 customer projects, ensuring high-quality frontend deliverables
- Orchestrating close collaboration with designers and backend developers to ensure seamless integration of frontend and backend systems, resulting in responsive user interfaces.
- Harnessing the Angular framework to architect scalable, flexible, and robust UI components, enhancing the overall application performance and user experience.
- Conducting comprehensive testing and debugging to detect and rectify frontend issues promptly, ensuring the delivery of bug-free applications.
- Driving continuous improvement initiatives by actively participating in development process enhancements and conducting insightful code reviews.
- Fostering team growth and development through mentorship, empowering team members to achieve professional growth.

### Server Analyst

#### Wipro Limited

09/2019 - 09/2020

##### Achievements/Tasks

- Managed and maintained server infrastructure, ensuring optimal performance and uptime for critical systems.
- Implemented server hardware and software solutions, including operating system installations, upgrades, and patches.
- Implemented and maintained virtualization technologies, such as VMware to optimize server resources and increase efficiency.
